

Crazy Town / Finland as a mobility destination for SME Cluster Growth companies

SME
CLUSTER
GROWTH
EMPOWERED ENGINEERING

Crazy Town is the destination for SMEs interested in scaling their business in Northern Europe

We connect you with an ecosystem full of talent, customers and partners.

Crazy Town is an innovation hub based in Finland. Our high-trust community of 400+ member companies includes growth-oriented startups, startups and SMEs and corporations for you to work with. We are happy to connect all companies from SME Cluster Growth with our business developers, clusters, ecosystems and companies (both startups and industry). Crazy Town community managers can assist you during your stay.

Themes:

- Digitalization of industry & industry 4.0
- Startup - industry collaboration

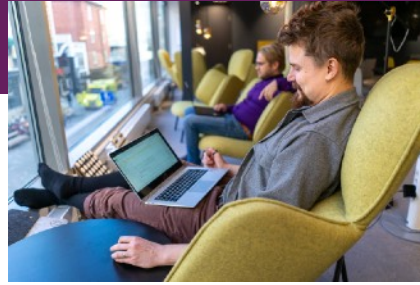

7 locations across Finland:

- Tampere: Intelligent machinery and automation, AI and analytics, imaging, the circular economy and cleantech
- Jyväskylä: Cyber security, forest, energy, manufacturing
- Pori: Automation, robotics, energy solutions, technology metals, AI and 5G
- Hämeenlinna: Metal-processing and packaging
- Hamina: Logistics, port and harbor, battery industry, datacenters
- Lahti: Cleantech and sustainability, sports business and tech
- Helsinki region: Smart City, Deep Tech, creative industries

Visiting SMEs have access to our facilities and community

- Hot desking in shared work spaces
- Event spaces for 50-200 people for networking, workshops and partner presentations
- Meeting rooms for partner meetings
- Fast wifi, coffee and tea
- Connections and introduction to ecosystem players, startups and SMEs
